atlantic uk... for the finishing touch

atlantic uk product overiew

As a family run business Atlantic UK Architectural Hardware has been involved in the Construction and Ironmongery industry since 1989. Atlantic UK has earned a reputation for its "simple, honest, on-time, quality service".

Our unique ranges of architectural hardware are manufactured to the highest standards and will add that distinctive finishing touch to your project.

From the rustic charm of the Old English levers to the innovative style of the senza pari range there will be something that inspires you.

We are passionate about bringing new concepts and designs to the market and making it simple, to get beautifully crafted door furniture, with a quality you can hold onto…

All our door levers come with a 10 year mechanical warranty and are suitable for use on 30 minute and 60 minute fire doors. Terms and Conditions available.

forme®
entirely made in Italy

Ecotech®
Ecological chrome
and varnish finishing.

CNC and robotic equipment is used to finish and polish the raw cast levers, saving time and money, whilst producing quality products, consistently.

Ecotech®
Ecological chrome
and varnish finishing.

Ecotech® … because we care

Environmentally

friendly technology.

This innovative method, using nanotechnology, has a peculiarity that the coating takes place in a vacuum environment. This proceeding is characterised by a dry, cold and without chemical finishing process. This pollution free manufacturing technology produces negligible waste, and minimal energy is used to produce a finish that is strong, durable and environmentally friendly.

.

In contrast, electroplating or galvanization involves toxic chemicals. These procedures are harmful to the environment and potentially harmful to personnel. The production costs and health inspections required, the huge use of water and electricity to maintain a standard production plant are almost 10 times that of Ecotech.

Why Ecotech® ?:

- **Cleaner technology**
- **High resistance to abrasion**
- **High chemical resistance**
- **Uniform coating**
- **Unbreakable bond between finish and metal**
- **Possibilities of achieving innovative colours**
- **ECOTECH® is used for both brass and zamac products.**

Ecotech®
Ecological chrome
and varnish finishing

for whatever comes to mind

All sizes shown are approximate and we reserve the right to change them where necessary and without notice. Colours may vary from the actual products shown due to photography and print techniques. Finishing on the Old English range may vary slightly from one batch to another, due to the hand finishing technique. All of our designer levers are designed for internal use only, and therefore the guarantee is voided if fitted externally. Prices correct at time of printing.
